ANJALI YADAV

Full Stack Web Developer

+91-9889624212 !! anjaliyadav2003feb@gmail.com !! LinkedIn !! GitHub !! Portfolio

Summary

Innovative Full-Stack Developer with strong Java programming skills and hands-on experience in React.js, Node.js, Express.js, and MySQL. Skilled in building reusable frontend components, robust backend APIs, and scalable full-stack solutions for real-world projects.

Education

Vellore Institute of Technology, Bhopal   2024 – 2026
Master of Computer Applications, CGPA: 8.79   Bhopal

University of Lucknow, Lucknow   2020 – 2023
Bachelor of Computer Science, CGPA: 8.21   Lucknow

Skills

Languages: Core Java, JavaScript, SQL,Operating system
MERN Stack: React.js, Node.js, Express.js, MongoDB, HTML, CSS, Bootstrap, Tailwind CSS
Tools: Git, GitHub, IntelliJ IDEA, VS Code
AI & Concepts: ChatGPT, Open AI, OOP, REST APIs, Data Structures

Projects

Star Rating Web Application — React.js, Node.js, Express.js, REST APIs   **Apr 2025 – June 2025**

- Built a full-stack web application where users can rate items with stars, search for content, and view analytics on a dashboard.
- Developed frontend using React.js with reusable components: Star Rating, Search, Dashboard.
- Built backend APIs using Node.js and Express.js to handle ratings, users, and product data.
- Ensured smooth frontend-backend integration for real-time functionality.
- Designed the app for scalability and maintainability with a modular architecture.
- Skills showcased: React.js, Node.js, Express.js, REST APIs, component reusability, full-stack development.

Craftora – Handmade Craft Store — React.js, Bootstrap, CSS   **July 2024 – Aug 2024**

- Developed an online store for handmade crafts where users could browse products, add them to a cart, and enjoy a responsive shopping experience.
- Built a responsive e-commerce platform using React.js, Bootstrap, and CSS.
- Implemented product listings, dynamic content rendering, and a basic shopping cart.
- Focused on UI/UX design to ensure smooth navigation on both mobile and desktop devices.
- Delivered a platform that demonstrates practical e-commerce functionality.

Certificates & Achievements

- Participant – Devens Hackathon 2025 "Where Developers Converge": Collaborated in a team to develop innovative solutions under time constraints.
- Core Java Programming – Udemy: Completed hands-on training on Java fundamentals, OOP concepts, and practical coding exercises.

Additional Information

- Location: Bhopal, India
- Availability: Open to full-time opportunities and internships in software development and web technologies.
